

CX 215 Sub [CodeNr. 12102]

The Solton CX 215 Sub is a dual 15" direct-radiating high performance subwoofer system. It has been designed to add high-output, high-impact bass response to the mid-high and fullrange loudspeaker systems in various mobile and installed applications. It can be used as the low frequency section of a bi-amped or tri-amped systems.

The CX 215 Sub features two long-excursion, 15" ,4" (100mm) voice coil aaCraaft drivers and a low distortion port design.

The CX 215 Sub has many features that make it a versatile subwoofer system
